FORWARD

It is my pleasure to present to you this Service Charter for The National Women's Council (NWC).

This Service Charter has been prepared in tandem with the Government's reform agenda and in the spirit of being responsive to effective service delivery, transparency and accountability.

This service charter spells out the role of National Women Council, and highlights the services offered and requirements therein. It lists the service centers at which our services can be accessed and the guiding legal instruments.

The development of this Charter signifies our commitment to serve our clients with a view to create a better understanding and enhancing our service delivery.

Name TUYISENGE Christine
Executive Secretary of National Women Council

The present Citizen's Charter reflects the service provided by NAWOCO to its customers. Therefore, it contains different services, service standards, service delivery methods and timelines, grievance mechanisms. This citizen's charter shows the following elements:

- Vision and Mission statement of the NAWOCO which affirms its commitment to deliver the services with:
 - Integrity
 - Judiciousness
 - Courtesy
 - Understanding
 - Objectivity and impartiality
 - Transparency
 - Accountability
 - Promptness
 - Efficiency and effectiveness.
- Details of services delivered by the NAWOCO:
 - Specification of services provided by NAWOCO,
 - Clear identification of the department to be approached or where specific services can be obtained. In this way citizens will know which office to approach and save time and energy;
 - Clear statement of the time it takes to deliver each service. This provides citizens with useful information and will prevent them from back and forth.
 - Setting of service quality standard by specifying service standards in term of timeliness, access, accuracy, reliability, affordability, responsiveness, fairness, sensitivity and courtesy in service delivery; On the basis of this, citizens can expect improvement
 - Clear information about the required document and procedures to get a service in NAWOCO.

For example, the documents to be shown, the available forms to be filled in.

- Details of the 'Citizens', groups/end users or People who are eligible for each service offered by NAWOCO
- Contact information of key officers in charge of these services
- Complaint procedures or grievance redress mechanisms and how to access them
- Feedback mechanisms for interaction with Citizens to continuously improve services
- Information and dissemination for availability and visibility for services.

This Citizen's Charter is a tool to increase the information available to customers of NAWOCO and sets standards for transparency in public services. It is expected that through Citizen's Charter, NAWOCO's Clients will have faster access to services, setting an end to tremendous time wasting and delays in services delivery process.

Considering that its services have to be responsive to high expectations from citizens, NAWOCO commits to inform them what services are available to them and what their rights and obligations are in accessing these services.

Realizing that NAWOCO cannot go this route alone, it thus invite the citizens to keep a hawk's eye on its employees, to be correct, realistic and comprehensive in furnishing information to better meet their expectations and root out all activities which negate service delivery improvement.

Indeed, for a better implementation of this Citizen's Charter, NAWOCO expects continuous interaction with citizens seeking its services. For this, NAWOCO has developed the following instruments in order to actively obtain feedback from its clients:

- Citizens' feedback form available at each department;
- Suggestion box at entrance;
- Open days/Accountability day

- Citizen panels, focus groups
- Hot line services;
- Customer surveys
- Grievance redresses mechanism or Complaints Systems in order to offer customers an immediate channel for feedback mechanism regarding the service they received.

This Citizen's Charter specifies also what actions will be taken when a service is not delivered, as it should. Thus, NAWOCO encourages its clients to give their feedback through the complaints mechanisms that are accessible, approachable and open to all. It goes without saying that the NAWOCO takes these complaints seriously and adopt prompt and proper action in a timely manner (fashion). Ideally, a time frame for dealing with these grievances and redresses has been set. The NAWOCO is willing to share a more systematic review of the grievances with its clients. The key following elements will be considered during the implementation process of this Citizen's Charter:

- Establish regularly the channels through which users can log grievances. Potential channels include a website, text messaging, and customer surveys at the point of service delivery, complaints boxes, mail, and phone.
- Assign grievance redress responsibilities within the NAWOCO and outline the internal grievance redress process for addressing each grievance subcategory.
- Devise standardized internal processes for logging grievances. Grievances can be logged either manually or, if resources allow, using a computer-based system that permits the NAWOCO to identify "real-time" trends in the data.
- Set a clearly defined timetable for grievance redress, including time to initial acknowledgement of the complaint (if complainant is not anonymous),

expected time to resolution for each stage of the investigation, and the time frame for updating beneficiaries on progress.

- Decide what measures will be taken if there is a violation of service standards.
- Establish a monitoring and evaluation system to monitor trends in grievances data.

For encouraging communication, feedback and dialogue on the implementation of its Charter, NAWOCO commit to use new media and ICT such as sms, email, twitter, facebook, etc..., and any combination of these technologies.

To improve continuously the service delivery, NAWOCO is considering using the tools and techniques below in the implementation process of the present charter:

- service delivery review;
- benchmarking with best practice;
- performance management;
- training, learning and knowledge management;
- empowerment or delegation of authority;
- diligent complaints management;
- information management.

Considering that information is the cornerstone of implementing and monitoring of Citizen's Charter, this Citizen's Charter will be delivered through various dissemination technologies and publicized widely through websites, radio, newspapers etc. to reach the public. Thus, NAWOCO will seek to use the following channels to ensure maximum availability and visibility of its services to users and stakeholders:

- Public relations/information desk.
- Open day/Accountability day
- Publication of promotional material:
 - Leaflets,
 - Posters
 - Press releases

- Publications and creation of booklet: Production of brochures or handbills. The information contained in the brochure must be concise, clear, simple and easy to understand. The brochures should also easily be obtained;
